Chefs kitchen is sure to impress friends and family as they gather around the massive island overlooking the family room. Stainless steel appliances, beautiful granite countertops, under-mount sink, lots of cabinets, pendant lighting, and plenty of seating for family and guest! Enjoy the open split floor plan of this single level home with many builder upgrades including raised vanities with dual sinks in both bathrooms. Master suite has wood look tile, large walk-in closet, and separate tub and shower. You will love the oversized laundry room, High-Tech security system that is programmable from your phone, extended back patio with mountain views, and RV gate. You can't beat this home that is still like new. More outdoor fun at the community park and basketball courts.
